

ROOM DESCRIPTIONS

STYLE

Our **57 rooms**, *all very different from one another*, are decorated with antique and contemporary furniture coming from Europe and the East, following the eclectic style which is so characteristic of their charm. The **bathrooms** are made of marble and hand made tiles. A hair dryer is at your disposal in every bathroom.

FEATURES

All rooms have a telephone, a flat screen plasma TV with all satellite channels and a DVD player, a safe, air conditioning, minibar and an I-Pod docking station. If you forgot to bring your own I-Pod, we'll gladly lend you one of ours, already loaded with music. Should you wish to watch a movie, we have a selection of over 700 DVDs. Wi Fi is available throughout the hotel free of charge. Two computers with internet access are at your disposal in the Spa lounge.

BEDS

The majority of our beds measure 180 x 200 cm in size: this is 5 inches **less** than a **King** size and 11 inches **larger** than a **Queen** size. In all the rooms (except for three) you will be able to choose whether to sleep in a double bed or in two single beds.

LINENS

All our beds have a 48 cm (9 inch) thick orthopedic mattress, a feather topper and linen sheets made by "Frette" and embroidered with our siren logo. Should you prefer to have cotton sheets, these can be changed. There is a selection of pillows for your comfort. Nightly turndown service is provided, a special Italian chocolate will be placed on your pillow and a pair of soft cotton slippers will be placed on your bedside mat.

AMENITIES

In the bathrooms you will find 100% cotton towels and robes by Frette and our luxurious "Eau d'Italie" bath and body products. The "Eau d'Italie" line of products and well known fragrances were created and are still produced by the Sersale family for Le Sirenuse. While the perfumes are sold in selected boutiques worldwide, this hotel is the only one in the world using the "Eau d'Italie" products as amenities.
