Le Sirenuse

LE SIRENUSE SPA

Le Sirenuse Spa was designed by the renowned Italian architect, GAE AULENTI. Her design, that makes use of teak wood, white marble and stainless steel, steps away from the Moorish architecture prevalent in the hotel and creates a modern and essential space. The SPA includes a Sauna, an ice room and a granite Steam bath.

The gym is fit with TechnoGym cardiovascular machines and weights as well as stretching and yoga mats and two "Megaformer". You can access the Spa and Gym from the pool terrace or from a dedicated stairway accessible from the corridors of the 2nd, 3rd and 4th floors.

SPA SUITE

A suite for couples is available to enjoy simultaneous treatments. All our face and body therapies using essential and aromatic oils are carried out by our qualified staff, exclusively with natural products. For everything related to the body, we use Aveda. Our facial therapies use Margy's Monte Carlo, who is known worldwide for her facial treatments as well as a selection of treatments from Augustinus Bader.
